**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC

Dont let the big companies rules and dictate the broadband market. I, a consumer of an internet connection, can effort now a great, reliable, fast and inexpensive service due to open competition in broadband services. By restricting the market and not incentives small companies to offer alternatives, not only impact us, the consumers but could trigger a massive impact to the market. Losing jobs, disconnect from the internet but most importantly losing trust of the system. We, the consumer trusting you the FCC to make sure we are not monopolies our broadband. Please help us connect people to the internet by not having major companies dictate how we should connect to the world

Thank you,
